About Me

Motivated web developer with hands-on experience building clean, responsive, and user-focused web applications. Experienced in delivering production-ready interfaces, collaborating within teams, and maintaining high standards for code quality and performance. Known for strong problem-solving skills, attention to detail, and ensuring consistent behavior across devices. Currently seeking opportunities to grow professionally while contributing to meaningful, real-world digital products.

Education

- BS MNS University of Agriculture**, Information Technology – Multan, Punjab Oct 2021 – June 2025
Pakistan
• GPA: 3.6/4.0
